

AGENCY LABOUR COMPLIANCE AUDIT TOOL

If you are looking to achieve best practice in your agency labour provision, then Complyer is for you. A simple yet very effective industry specific Agency Labour Compliance Auditing tool.

Who is Complyer for?

- Employment businesses/labour providers that supply agency workers.
- Hirers/labour users that use agency workers.
- Non-audit specialists in HR, Technical, Operations, Compliance, CSR etc. in all agency sectors but particularly food, agriculture, industrial and logistics.

Why should I use Complyer?

- Demonstrate a standardised best practice audit process for assessing the compliance of agency labour supply across multiple sites and branches.
- Provide assurance to clients by applying effective due diligence processes.
- Adopt a continuous improvement partnership approach to drive up ethical and quality standards, improve social compliance audit success and improve client satisfaction.

What does Complyer provide?

- **UPDATED** - Over 250 critical points for ethical labour provision using the updated October 2018 GLAA Licensing Standards as a framework standard.
- Key questions to monitor compliance to The Agency Workers Regulations 2010.
- Assessment of proactive steps implemented to prevent hidden labour exploitation, for reporting in Modern Slavery Statements.

A Complyer licence is annual with ALP membership and multi-user discounts available. To buy or to view a demonstration version, visit www.complyer.co.uk.

"We have been using the Audit Tool for the last 2 years, we have found it easy to use and it gives us a solid framework for consistent auditing. The System is an essential part of our auditing process and has helped us improve standards with our labour providers. We are confident that we are auditing in line with current legislation as the tool is updated regularly. I would not hesitate to recommend the audit tool."

G's Group Holdings

"The guidance information is very useful and helpful. The reports that are automatically produced are easily understood throughout the business. I can't fault it."

Staffline Group

"We have found it to be a straightforward and effective tool to use in partnership with our labour provider to maintain and improve the quality of agency labour supply to our business. It has now formed part of our due diligence process in assuring the ethical and fair treatment of agency workers"
